ŠKODA

Effective: February 2018

RAPID SPACEBACK – EXPERIENCE MORE

The Rapid Spaceback is a car of extremes. Impressively compact, yet remarkably spacious with generous leg and headroom for up to five occupants. It has an understated interior, yet is packed with intuitive technology including the latest smart assistance systems and connected features. Then there's the increased performance that uses less energy thanks to intelligent engine recuperation. The result is a car of compelling opposites that enables you to experience more at every turn.

LOOK SHARP

The Rapid Spaceback's exterior features a new longer rear window design, giving it a sportier and edgier look. This is further enhanced by the sharp and high tornado line. It's not all change however, as the car's dynamic silhouette remains ever present.

DYNAMIC FRONT DESIGN

The front view of the Rapid Spaceback is characterised by the wide air intake grid with integrated fog lamps. While the striking radiator grille and eye-catching chrome strip also command attention.

PANORAMIC GLASS ROOF

Made entirely of tinted glass, the panoramic roof gives every passenger the sensation of extra light and space. Standard on SE Sport.

REAR LIGHTS

The distinctive C-shape rear lights wrap around to the sides, further enhancing the Rapid Spaceback's rear view. A darkened black finish is standard on the SE Sport.

DASHBOARD

Designed to perfectly complement the curve of the steering wheel, the stylish dashboard has been designed with functionality front of mind. Top trims include a multifunction steering wheel wrapped in leather, which puts radio and phone controls at your fingertips.

SPACE TO IMPRESS

ŠKODA and class-leading space have always gone hand in hand. The Rapid Spaceback's refined interior builds on this tradition, providing generous room for up to five occupants. It's also a perfect example of style meeting substance, with practical touches filling every inch.

REAR PARKING SENSORS

When reversing towards objects the sensors produce an acoustic sound to inform the driver of the distance between the car and the object.

AMBIENT LIGHTING

Going for a trip in the Rapid Spaceback is never dull thanks to the soft ambient lighting on the centre console, front feet area and door handles. Available with light and rain assist.

HEATED SEATS

When it's chilly out, your inside passengers will appreciate the heated rear seats that form part of the Winter pack. These are regulated by a separate control on the rear side of the front armrest.

CONNECTIVITY TO GO WHEREVER YOU GO

By enabling you to be fully online on the move, the Rapid Spaceback helps you stay connected wherever your journey takes you. Thanks to its smart assistance systems, you'll also know the best places to park, shortcuts to take and routes to avoid.

SMARTLINK+

From taking calls to switching between your favourite playlists, SmartLink+ enables you to safely use your smartphone through the infotainment system. It also includes SmartGate, which enables you to record and analyse your drive to help you cut fuel costs and extend the life of your car. Available as an optional extra.

NAVIGATION SYSTEM

The Amundsen satellite navigation with 6.5" touchscreen display will get you from A to B, but why stop there? With Bluetooth®, SmartLink+ (optional) and two SD card slots, it offers complete connectivity on-the-go.

EMERGENCY CALL

Activated by pressing a red button placed on the roof, Emergency Call provides immediate contact with the emergency services. In the event of a crash, the call is made automatically to ensure you get the help you need.

REAR USB PORTS

Passengers can keep their devices charged up using the two rear USB ports. Available as an option on all trim levels.

STAY CONNECTED

The new ŠKODA Connect system turns the Rapid Spaceback into a fully interconnected car. Infotainment Online provides satellite navigation, traffic reports and calendar updates.

While Care Connect focuses on help and safety, enabling remote access and control of the vehicle. It also offers an assistance service for any situation that needs it.

A rear view of a red car with its trunk open. The interior shows black seats and a large, dark, textured cargo area. The text "SPACE TO SPARE" is overlaid in the center. Below it, a paragraph describes the car's luggage capacity. The car's body is a vibrant red, and the trunk is open, revealing the interior. The seats are black, and the cargo area is a dark, textured material. The text is white and centered.

SPACE TO SPARE

As the name suggests, the Rapid Spaceback really boasts impressive luggage capacity. The sizeable boot has 415 litres of space available, which can be increased to 1,381 litres when the rear seats are folded down. Combined with the wide opening, the Rapid Spaceback is ready to pack everything you'll need for that special family outing.

FIT AROUND YOU

We understand that everyone uses space differently. Some require very little, others demand more. That's why we've designed the boot of the Rapid Spaceback to adjust to your precise needs, whether that's additional room or extra functionality.

CARGO ELEMENTS

Stop your luggage from sliding across the boot with these two optional plastic cargo elements with Velcro® fastener. When not in use, they can be stored in the compartments behind the rear wheel arches.

DOUBLE-SIDED BOOT FLOOR

This thoughtful optional feature lets you quickly switch between a carpet or rubber boot floor. Taking suitcases to the airport? Go for carpet. Need to take off those muddy boots? Flip it to rubber.

NET PROGRAMME

This optional set of nets comes in a variety of sizes increasing the flexibility of the luggage space and preventing objects from sliding around.

SPACIOUS STORAGE

Several storage compartments have been included in the interior to help you keep it looking its best. The glove compartment can also be air-conditioned, making it perfect for storing chilled refreshments.

IT'S THE LITTLE THINGS THAT COUNT

In a car packed with cutting-edge smart technology, we haven't forgotten about the simple ideas. After all, they're often the ones you rely on most. Especially on cold mornings and rainy days.

REAR-VIEW CAMERA

Located on the boot handle, the rear-view camera makes light work of reverse parking, with an integrated washer to keep obstacles visible.

UMBRELLA STORAGE

A spot of rain will never dampen your spirits again thanks to the umbrella under the front passenger seat.

ICE SCRAPER

Mounted out of sight on the fuel cap this handy ice scraper is ideal for frosty mornings. It also doubles up as a magnifier.

REAR SEAT ARMREST

The option of the foldable rear seat armrest creates a load-through area that enables you to pack long items while retaining seating in the back. The armrest also includes an integrated drinks holder, giving rear passengers the opportunity to stay refreshed on the move.

SAFETY WITHOUT COMPROMISE

THIRD HEADREST

If full carloads are the rule rather than the exception, the option of a third headrest in the middle seat will be welcomed by all rear passengers.

The Rapid Spaceback offers exceptional safety to all passengers. It's why you'll find smart safety features such as ABS braking, Electronic Stability Control and three-point safety belts aren't available as an option. They come as standard, as do the six airbags located around the car.

AIRBAGS

Safety is always a priority, with six airbags included as standard including head, front and front side airbags. In the event you're transporting a little one in the front, the passenger airbag can be deactivated as required.

DRIVER FATIGUE SENSOR

Using data from the power steering sensors, this clever assistant system detects when it's time to stop for a coffee break and displays a warning on the display.

FRONT ASSIST

Using a radar in the front bumper, this system provides an audio and visual signal to warn of an impending collision. If the driver fails to respond, the system initiates braking to minimise any possible impact. Available as an option on SE Tech and SE Sport.

TIME WELL SPENT

Whether nipping through the city or cruising up the motorway, every second behind the wheel should be one enjoyed in total relaxation. It's why we've packed the Rapid Spaceback with clever little comforts that makes even the daily commute something to look forward to.

MULTIFUNCTION STEERING WHEEL

The attractive multifunction leather steering wheel isn't simply soft and tactile, it enables you to control the radio and your connected smartphone.

KEYLESS ENTRY AND START/STOP

Get on the road faster by equipping the car with keyless entry and start/stop. A start/stop button is also located on the steering column to enable you to effortlessly turn the engine on and off.

CRUISE CONTROL

Maintain a constant speed without using the pedals, allowing you to fully concentrate on the road ahead.

HEADLAMP WASHERS

The integrated telescopic washers keep the headlamps clean, ensuring obstacles and other drivers are always in clear sight.

BEST OF BOTH WORLDS

Performance when you need it, enhanced fuel efficiency when you don't. That's the power of the Rapid Spaceback's turbocharged engines. While each offers a distinctively unique drive, all feature sophisticated technical solutions such as start/stop and brake energy recuperation.

FUEL-EFFICIENT ENGINES

Whether you favour petrol or diesel, you'll find a clever engine to suit. Four are available to choose from, each delivering a comfortable and compelling driving.

DIRECT SHIFT GEARBOX (DSG)

DSG automatically adapts to your driving style, whilst taking road conditions into account. It reduces the strain on the engine and stress to the driver, by deciding when to change gear, leaving you free to concentrate on the journey.

START/STOP

With this fuel saving feature, the engine automatically switches off when stationary, restarting as soon as the driver presses the clutch or steps off the brake.

RAPID SPACEBACK S

Heated wing mirrors, smart assist systems, USB connectivity. Just some of the thoughtful touches and features included in this entry-level trim.

Company car tax is based on the vehicle's carbon dioxide emissions. The higher the emissions, the higher its tax liability. When a company car is made available for private use a 'Benefit in Kind' value is calculated for tax purposes. To help you calculate your tax liability, please see the table below.

P11D (expenses and benefits)

The P11D value is calculated by taking the On The Road (OTR) price for the vehicle, less the Road Fund Licence (RFL) and First Registration Fee (FRF).

BiK (Benefit in Kind)

The BiK percentage value is based on the CO₂ emissions of the vehicle for the current tax year 2018/2019.

ŠKODA Financial Services

ŠKODA Financial Services offer a wide range of finance, insurance and servicing packages designed to fit your needs.

We specialise in providing simple and convenient funding options for drivers. The Solutions Personal Contract Plan offers a flexible, fixed-rate plan designed around your budget, by deferring a proportion of the car's value until the end of the agreement. This means a significantly lower monthly repayment compared to a loan or hire purchase agreement, so you can have more car for your money or just reduce the size of your repayments.

You choose the size of your deposit, from as little as one monthly payment, and a repayment period that suits you. At the end of the term, there are three options:

1. Part exchange your car for a new ŠKODA on a Solutions contract.
2. Pay the optional final payment to own the car.
3. Return the car (subject to terms and conditions).

ŠKODA Financial Services also offers hire purchase, contract hire and service and maintenance plans. Speak to your ŠKODA Retailer for your personalised quotation today.

Insurance

Free for three years

Insurance gives you peace of mind should the worse happen, ensuring your ŠKODA is repaired by our technicians using genuine parts. It works alongside your existing comprehensive motor insurance policy, no matter who you are insured with, to help get you back on the road as smoothly as possible. Better still, it's free for three years and is available on both new and older models.

Your free Insurance cover includes:

- > Guaranteed use of a ŠKODA approved repairer, ŠKODA trained technicians and the use of genuine ŠKODA parts and paints.
- > A dedicated Claims Manager who will look after your entire claim from start to finish.
- > Help to recover any uninsured losses with our Legal Expenses Cover.
- > An online claims tracker so you can keep up to date with the status of any claim.

To benefit from Insurance you'll need to activate your free cover, which takes less than a minute. Remember to call us first, and Insurance will help to deal with the rest.

Service and maintenance

Our range of servicing and maintenance plans will help to keep your ŠKODA in prime condition. Plus, the price is fixed so you won't be caught out by any unbudgeted costs.

All our service plans use genuine ŠKODA approved parts and trained technicians so you know your car is in the hands of experts. Parts and labour also come with two years warranty too.

Service Plan for cars under a year old

This covers your first two services for one payment of just £279 or 18 monthly payments of £15.50. The service plan includes a maximum of one oil service and one oil and inspection service. The vehicle service regime affects the entitlement service plan if you choose to purchase this.

Our service plans are designed for customers that travel 10,000 miles or less per year. If you travel over 10,000 miles per year, or would prefer to add maintenance or tyres, then speak to your ŠKODA Retailer to create a more tailored service plan.

All cars must be set to time and distance servicing. Exclusions and terms and conditions apply. Offer is available to retail customers only from participating ŠKODA Retailers. Offers may be varied or withdrawn at any time. Freepost ŠKODA Financial Services.

ŠKODA Financial Services is a trading name of Volkswagen Financial Services (UK) Limited, Brunswick Court, Yeomans Drive, Blakelands, Milton Keynes MK14 5LR. Registered in England number 2835230.

Service intervals

When you order your RAPID SPACEBACK, you can choose whether your car is on a fixed or a flexible service regime. Your ŠKODA retailer will help you decide which regime suits how your car will be driven, enabling your car to stay in the best possible shape.

Fixed regime: service every 10,000 miles or one year (whichever comes first).

This is recommended if the vehicle is likely to be used in the following way:

- > Driven fewer than 10,000 miles per annum.
- > Mainly short journeys, driven mostly in towns or cities.
- > High vehicle loading/towing and frequent hill climbs.
- > Heavy accelerating and braking, using high revs.

Flexible regime: Sensors in the engine detect when a service is needed. A service light will show between 9,000 and 20,000 miles or up to 24 months (whichever comes first).

The flexible service regime is recommended for vehicles with a daily mileage of more than 25 miles where the vehicle is driven regularly and mainly at a constant speed with minimum vehicle and engine loading, minimal towing and driven in an economical manner.

Roadside assistance

A three year, European-wide, unlimited mileage ŠKODA Assistance policy comes free of charge with every new ŠKODA. There's a team of specially trained technicians who carry the right diagnostic equipment and parts to get you back on the road as quickly as possible in the unfortunate event of a breakdown.

Provided in partnership with the AA. Exclusions and terms and conditions apply. For details please speak to your local ŠKODA Retailer.

Customer services

Talk to us on **03330 037 504**. No matter what the query, our dedicated call centre is always ready to listen. No matter how big or small the request, speak to one of our customer care advisors to see if they can help. The call centre is open Monday to Friday from 8.30am-5.30pm. You can also talk to one of our advisors via live chat, on Monday to Friday from 8am-8pm.

A network that's here to help

You can be sure that as a ŠKODA customer, your retailer will look after you from the moment you walk through the door and throughout the life of your ŠKODA. Your RAPID SPACEBACK will be serviced and maintained by specially trained ŠKODA technicians, and when you need a spare part you'll be happy to know that most are held in stock, or ordered within 24 hours. So if top class customer satisfaction is what you're after, the ŠKODA network will be there for you.

Motability

People who are in receipt of one of the following allowances, and have at least 12 months remaining on their reward, may be eligible for a vehicle via the Motability scheme.

Higher Rate Mobility Component of the Disability Living Allowance (HRMC of DLA), Enhanced Rate of the Mobility Component of Personal Independence Payment (ERMC of PIP), War Pensioners' Mobility Supplement (WPMS) or Armed Forces Independence Payment (AFIP).

For full details of the scheme, current model availability and pricing, please contact the Motability specialist at your local ŠKODA Retailer.

Warranty

Peace of mind with a ŠKODA warranty

In the first two years of owning your car, you'll get the peace of mind of a two year unlimited mileage warranty. In addition, you'll also get a further warranty on new vehicles supplied through the appointed retail network until the vehicle has completed 60,000 miles or the end of the third year, whichever is sooner.

Your RAPID SPACEBACK also benefits from a three-year paint warranty and 12-year body protection warranty.

Exclusions and terms and conditions apply.

Owning a ŠKODA

Three-year vehicle warranty from new

First two years unlimited mileage.

Third year with 60,000 mile limitation, whichever is sooner.

Four to five years Optional Extended Warranty.

Three-year paint warranty

Up to 12 years body protection.

Exclusions and limitations

Wear and tear components will only be considered under the terms of the warranty for the first of six months or 6,500 miles, whichever is soonest. These include, but are not limited to brake linings and disc pads, clutch release bearings, clutch pressure plates and centre plates, tyres, wiper blades, seat and backrest covers, floor coverings, spark plugs, batteries for key fobs and alarms, light bulbs and shock absorbers. Mechanical adjustments including but not limited to adjustments to doors, flaps, boot lids, bonnets and sunroof, brake adjustment, clutch adjustment, v belt adjustment, headlight adjustment, steering geometry adjustments and wheel balancing are excluded.

Damage (including but not limited to the following) is excluded:

- > Damage caused by your failure to take all reasonable steps to prevent mechanical damage from occurring.
- > Damage or defects caused by not having the vehicle serviced in accordance with the manufacturer's guidelines.
- > Damage or defects caused by improper use of the vehicle, neglect or use of the vehicle for motor sports activities.
- > Damage caused by an accident.
- > Damage to paintwork or chrome caused by external influences, such as climatic, chemical or industrial pollution.
- > Damage resulting from the use of non-original replacement parts.

Routine maintenance and servicing is not covered by the warranty. Incidental or consequential costs such as hotel charges, car hire, and loss of personal effects or income are not recoverable under the terms of the warranty.

Adding that little extra to your car

If the standard specification and factory fitted options aren't enough for you, then why not take a look at our range of retailer fitted accessories? A separate accessories brochure can be found at your local retailer, or can be viewed online at:

Vehicle Excise Duty (VED) is correct at time of publication, but this may alter to reflect any change in the applicable VED rate. *Vehicles with a list price of over £40,000 when new pay an additional rate of £310 per year on top of the first year and standard rate, for a further four years (total of five years). **This rate applies to diesel vehicles that do not meet RDE2 Standards.

OTR (On The Road)

Recommended 'On The Road' prices include delivery, 12 months Road Fund Licence, DVLA First Registration Fee and apply to the UK only.

VED (Vehicle Excise Duty)

All vehicles will be subject to Vehicle Excise Duty based on the fuel type of the vehicle and its carbon dioxide (CO₂) emissions level, measured in grams per kilometre (g/km). Due to changes in vehicle emissions data, CO₂ figures may differ on these vehicles if taken from current ŠKODA UK stock.
